

Arts Integrated Kindergarten

Kindergarten, Age 5 by October 31, 2024

Through the collaboration of classroom teachers and art specialists, your child will use art to actively organize his or her experience in an aesthetic environment.

This type of learning integrates with all pieces of the curriculum: language arts, mathematics, science, and social studies. Your child will have many opportunities to use art mediums, and concepts to communicate ideas, feelings, and stretch his or her imagination. As research demonstrates, these skills will create pathways for future learning, building critical literacy and communication skills in your child.

*Kindergarten Classes are licensed by the Pennsylvania Department of Education, Bureau of Non-Public School Services, Harrisburg, Pennsylvania.
